PART I – INTRODUCTION

1. Title

This bylaw shall be known as the “Zoning Bylaw of the Rural Municipality of Mervin No. 499.

2. Authority

Pursuant to Section 67 of The Planning and Development Act, 1983, the Council of the Rural Municipality of Mervin No. 499 hereby adopts the Zoning Bylaw of the Rural Municipality of Mervin No. 499.

Bylaw No. 2010-03

Section 253 of *The Planning and Development Act, 2007* (hereinafter know as the Act) provides that every zoning bylaw established pursuant to a previous Act continues in force so long as it is not inconsistent with the Act or any provincial land uses policy or statement of provincial interest.

3. Scope

All development within the limits of the municipality shall be in conformity with the provisions of this bylaw.

4. Purpose

This is a bylaw to control the use and development of land in the municipality and to assist in implementing the Basic Planning Statement (Official Community Plan) of the R.M. of Mervin No. 499.

Bylaw No. 2010-03

5. Severability

If any part of this bylaw, including anything shown on the zoning district map, is declared to be invalid for any reason, by an authority of competent jurisdiction, that decision shall not affect the validity of the bylaw as a whole, or any other part, section or provision of this bylaw.

6. Licenses, Permits and Compliance with Other Bylaws

Nothing in this bylaw shall exempt any person from complying with the requirements of a building bylaw, or any other bylaw in force within the municipality, or from obtaining any permission required by this, or any other bylaw of the municipality, the province or the federal government.

Where the provisions in this bylaw conflict with those of any other municipal, provincial or federal requirement, the higher or more stringent standards shall prevail.

PART II – ADMINISTRATION

1. Development Officer

The Administrator of the Rural Municipality of Mervin No. 499 shall be the Development Officer responsible for the administration of this Bylaw and in their absence by such other employee of the Municipality as the Council designates from time to time. The Administrator may appoint a Development Officer subject to the approval of Council to whom duties in the administration of the Zoning Bylaw may be delegated.

Bylaw No. 2016-12

2. Application for a Development Permit

Every person shall complete an application for a development permit **before** commencing any development within the municipality. Farm residences shall require a development permit. Livestock and poultry operations over 50 animal units shall be considered intensive livestock operations under this bylaw and shall also require a development permit.

2.1 Development not Requiring a Development Permit

Notwithstanding 2., the following developments do not require a development permit:

Bylaw No. 2021-12

(a) Accessory Farm Uses: Farm buildings where applied to a principal agricultural use within the Zoning Districts established by this bylaw.

(b) Public Utilities: Any operation for the purposes of inspecting, repairing or renewing sewers, mains, cables, pipes, wires, tracks or similar public works as required by a public

utility.

- (c) **Sheds and storage structures:** any shed or storage structure that is 9.2 square metres (99 square feet) in area or less with a height of less than 4 metres (13 feet). **Bylaw No. 2013-01**
- (d) **Television or radio antennas:** any television or radio antenna meant for the personal residential use of the operator on site. **Bylaw No. 2013-01**
- (e) A single recreational vehicle where there is an existing residential dwelling on site, subject to regulations set forth within the specific zoning district. **Bylaw No. 2018-11**
- (f) **Decks:** The closing in or “screening in” of existing covered deck with mesh, glazed, or rigid materials, subject to the area of the covered deck remaining as outdoor space and separate all season living or congregation space within the building or structure to which the covered deck is attached. **Bylaw 2021-12**
 - (i) Where an existing covered deck is being closed in for conversion to all season living or congregation space with the building or structure to which the covered deck is attached, permitting is required.
- (g) **Fences:** any fence shall be exempt from development permitting unless otherwise specified in this Bylaw; and are subject to any general regulation or specific regulation within a Zoning District. **Bylaw 2021-12**
- (h) **Landscaping:** any landscaping activity as defined in this Bylaw, where accompanying an approved principal use, and where not specifically required in conjunction with the permitting of related site development and needed to determine the suitability of the site. **Bylaw 2012-12**
- (i) **Hydrocarbon exploration and observation wells:** any hydrocarbon exploration or observation well where legal and physical access to the site or lease site is existing and previously approved by the RM through obtaining a road approach permit. A site plan shall be submitted by the proponent to the RM for inventory and tracking purposes. Any well development or related facilities beyond exploration and observation shall require a development permit. **Bylaw 2022-03**

3. Application Requirements

Bylaw No. 2000-09
Bylaw No. 2010-03

- (a) Every application for a development permit shall be submitted for the approval of the Development Officer and shall include, unless otherwise specified in this bylaw:

(i) a survey sketch plan prepared by a Saskatchewan Land Surveyor (SLS) showing the location of all parcel monuments, parcel boundaries, site dimensions, and site area. In preparation of the survey sketch, the SLS shall stake all monuments for surface reference and provide confirmation of completion. The survey sketch plan may be employed for use as a layout or site plan or to supplement a separate layout or site plan. **Bylaw No. 2022-09**

(1) the location of all existing or proposed utilities and service connections shall be shown on the layout or site plan.

(2) a survey sketch plan shall not be required where specific lands and land uses are required to furnish a Real Property Surveyor’s Report as required in this section by (a)(iii), or where exempted by subsection (d) of this section. Where exempt, a layout or site plan showing the dimensions of the site, the site size and the location on the site of any existing, and proposed development shall be furnished by the applicant.

(i) the Development Officer may waive the requirement for a newly-produced survey sketch plan at its discretion where the following applies:

Bylaw No. 2023-05

- A. the applicant has provided a Real Property Surveyor’s Report or survey sketch plan which was produced within three (3) years of the date of new application clearly showing the location and setbacks of all development within the site at the time of application;
- B. where, in reference to the previously produced report or sketch plan in A., the proposed development is determined to

have limited potential to contravene a prescribed yard setback;

C. the Real Property Surveyor's Report or survey sketch plan contains all information required by the Development Officer or Council to determine the suitability of development and bylaw compliance; and

D. where the applicant enters into a memorandum of understanding with the RM that any proposed new development shall adhere to the requirements of the Zoning Bylaw.

(ii) where the requirements in i. are not met, or where the Development Officer deems a previous Real Property Surveyor's Report or survey sketch plan as insufficient to determine bylaw compliance for new development (or as directed by Council), a waiver shall not be granted. In such instances the new Real Property Surveyor's Report or survey sketch plan is required to complete the application.

(ii) a written description of the method of onsite sewage disposal facilities and,

(iii) other information as may be required in support of the application where in the opinion of the Development Officer, the site plan does not provide sufficient clarity or there is disagreement respecting the topography of the site and/or on lands adjacent by providing elevations, the boundaries of a site, and the location of existing and proposed development, the Development Officer may require a Real Property Surveyor's Report to be furnished by the applicant in lieu of a survey sketch plan. Real Property Surveyor's Report requirements shall show the applicable information as laid out in subsection (c), or as otherwise required by the Development Officer to determine the suitability of the proposed development.

Bylaw No. 2021-27
Bylaw No. 2022-09

(iv) a survey sketch plan shall not be required in the following instances:

Bylaw No. 2023-23

(1) placement of a recreational vehicle as a temporary principal use.

(b) Move-in (MI) and Ready-to-move (RTM) residential buildings

Bylaw No. 2010-03

Every application for a development permit:

(i) must be accompanied with a photograph of any proposed Move-in (MI) or Ready-to-move (RTM) residential building.

(c) Development proposed on potentially hazardous lands:

Bylaw No. 2010-03
Bylaw No. 2021-27

A development permit application for a proposed development on lands that are deemed to be potentially hazardous by municipal planning bylaw, or under provincial legislation or regulation, or which have a development standards interest registered to title pursuant to section 130 of the Act, must provide a RPSR prepared by a Saskatchewan Land Surveyor (SLS).

Bylaw No. 2021-27

(i) The RPSR shall:

Be provided following foundation construction and prior to any further building or development;

(1) Dimensionally show the location of all existing development within the subject lot and/or site;

(2) Provide elevations as required by the RM or as directed in a section 130 development standard, as it pertains to potential flooding, slope stability, or other natural hazard. This includes, but is not limited to: foundation elevations, change in elevation throughout a lot or site; placement of fill, the elevation of flood-proofing measures employed, etc;

(3) Address any other matter specifically identified in a section 130 development standard where accurate and surveyed information is required, in the opinion of the Development Officer or as directed by the standard(s), to determine development suitability;

(4) Be at the sole cost of the applicant; and

(5) Be a condition issued in conjunction with a development permit.

(ii) Where development permitting is not required in accordance with this bylaw, the landowner is responsible for adhering to and implementing the development standards

which may be on title, and in accordance with any other regulation in this bylaw which pertains to development on hazard lands; the RM retains the right to enforce its Zoning Bylaw in accordance with the Act.

(d) Adjacent Residential or Commercial Development Requirements: **Bylaw No. 2013-01**

(i) Any proposed residential or commercial development that directly borders another residential or commercial development shall be required to produce a Real Property Surveyor’s Report for all buildings or structures within the site. The Real Property Surveyor’s Report shall be undertaken after installation of the permanent foundation, but before installation or construction of the building above the permanent foundation. **Bylaw No. 2022-09**

- (1) Subsection (i) shall not apply to buildings or structures less than 18.6 square metres (200 square feet) in area on a permanent foundation, provided no lands deemed potentially hazardous are involved; and, any development exempted by section 2 of this Part, from requiring a development permit.

(ii) Notwithstanding clause (i) above, residential or commercial development shall not be required to submit a Real Property Surveyor’s Report or survey sketch plan completed by a Saskatchewan Land Surveyor in the following cases where all four (4) of the points are met: **Bylaw No. 2016-09**
Bylaw No. 2018-21
Bylaw No. 2022-09

- (1) Located within the Zoning Districts: CON – Conservation District; AG – Agriculture District; C – Commercial District; LD3 – Lakeshore Development 3 District; and,
- (2) Parcel size exceeds 2.023 hectares (5.0 acres);
- (3) Frontage exceeds 30.5 metres (100.0 feet).
- (4) Where a Real Property Surveyor’s Report is not required by clause 3(a)(iii) of this section.

(e) Survey Sketch Plan and Real Property Surveyor’s Report Requirement Summary Table **Bylaw No. 2022-09**

The following table identified as FIGURE 2 summarizes the survey sketch plan and Real Property Surveyor’s Report requirements, how and when a requirement is applied, the timing of submission in the permitting and development process, and any applicable exemption. **Bylaw No. 2023-23**

	Class 3	\$100	\$200	\$800

Where an application to amend the Zoning Bylaw involves amendment within two or more of the above categories the sum of the amendment fees shall apply for all categories.

5. Discretionary Use Applications

Bylaw No. 2010-03

5.1 The following procedures shall apply to discretionary use applications:

(a) The Development Officer shall review all applications for completeness and shall inform an applicant whose application is not complete, of the information or documentation required to complete the application, and that the application will not be considered until it is complete.

(b) The application will be reviewed by the Development Officer for conformance to the Official Community Plan, this Zoning Bylaw and any other applicable policies and regulations, and will refer the application to Council.

(c) Council will review the application and Development Officer’s report and may request comments or information from other government agencies to assist in Council’s review of the application, where appropriate.

(d) When Council has received requested comments or information from other agencies, the Development Officer shall set a date, time and location of the Council meeting at which the application will be considered.

(e) The Development Officer shall mail a copy of a notice of every application for a discretionary use to the assessed owner of each property within 75 metres of the boundary of the applicant’s land. In addition, a copy of a notice of every application for the following uses shall be mailed to land owners within 1.6 km (1 mile) of the applicant’s land:

- (i) intensive livestock operation or expansion or alteration to an intensive livestock operation; and
- (ii) kennel.

(f) The notices described in (e) above shall describe the use applied for, describe the location of the use and specify the date, time and location of the Council meeting at which the application will be considered.

(g) The notices described in (e) above shall be mailed and posted no less than two weeks prior to the date of the Council meeting at which the application will be considered.

(h) Where an application for a discretionary use is approved by resolution of Council, the Development Officer shall issue a development permit subject to any specified development standards prescribed by Council pursuant to Section 5(3) of this bylaw.

(i) Where an application for a discretionary use is approved by resolution of Council and the proposed development does not meet the zoning regulations for the applicable zoning district the Development Officer shall refuse the application and advise the applicant of the right of appeal.

(j) Council may approve the application, reject the application, or approve the application with conditions, including a condition limiting the length of time that the use may be conducted on the site in order to secure the objectives of the OCP, or Zoning Bylaw, with respect to:

Bylaw No. 2016-09

(i) The nature of the proposed site, including its size, shape, and intensity and the proposed size, shape and arrangement of buildings in relation to the intent of the zoning district within which it is proposed.

(ii) The accessibility and traffic patterns for persons and vehicles, the type and volume of that traffic and the adequacy of proposed off-street parking and loading.

(iii) The safeguards afforded to minimize noxious or offensive emissions including noise, glare, dust and odour.

(iv) Any treatment given, as determined by the Council, to aspects including landscaping, screening, open spaces, parking and loading areas, lighting and signs but not including the colour, texture or type of materials and any architectural detail.

(k) Where a discretionary use is deemed by the Development Officer to have a potentially significant effect upon assessed landowners along a transportation system, the area of notification may be extended to include a larger area as Council deems necessary to affected landowners along this system.

(l) Council has designated discretionary uses as identified within each zoning district where, in Council's opinion, the type of development may have one (1) or more features or potential effects that warrant proposal-specific review in terms of this Bylaw, such as:

(i) The proposed development is suitable in the individual zoning district as proposed.

(ii) Specific development standards should be applied by means of a development agreement.

(m) The subdivision, development or implementation of any plan or proposal within the RM of Mervin is subject to the policies contained in the OCP, Zoning Bylaw and all development review criteria.

(i) All applications will be reviewed based on PART XI DEVELOPMENT REVIEW CRITERIA listed within the RM of Mervin No. 499 OCP prior to Council rendering a decision.

(ii) Applications shall also be evaluated based on additional criteria for specific discretionary uses listed within individual zoning districts.

(n) The Development Officer shall prepare a report for Council concerning the application or proposal which may contain recommendations, including conditions of approval to be applied in accordance with the Act, the OCP or this Bylaw.

(o) Where, in Council's opinion, there is a need to consider the effects of a discretionary development further in the future with the benefit of direct observation of its features and effects in the approved location and setting, or where Council believes there is potential for changes in the vicinity of the development that may alter its fit, Council may approve the development for a specified length of time.

5.2 Discretionary Use Evaluation Criteria

Bylaw No. 2010-03

Council will apply the following general criteria in the assessment of the suitability of an application for a discretionary use or discretionary form of development.

(1) The proposal must be in conformance with all relevant sections of the Official Community Plan and Zoning Bylaw and must demonstrate that it will maintain the

character, appearance, density and purpose of the zoning district where necessary through the provisions of buffer areas, separation and screening.

~~(2) A proposal for a Move-in (MI) residential building must demonstrate that the age, condition and style of its exterior treatment is compatible with the general appearance of buildings in the neighboring area.~~

Bylaw No. 2022-14

(3) The proposal must be capable of being economically serviced by community infrastructure including roadways, water and sewer services, solid waste disposal, parks, schools, and other utilities and community facilities.

(4) The proposal must not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity or injurious to property, improvements or potential development in the vicinity.

(5) The proposal must not be detrimental to the air, soil, natural environment and heritage resources of the surrounding area or to areas in the vicinity of the potential development.

Bylaw No. 2016-09

(6) Council shall assess and consider the potential effects of the proposed discretionary use as it contributes to the social, economic and physical sustainability of the Municipality.

5.3 Terms and Conditions for Discretionary Use Approvals

Bylaw No. 2010-03

(1) Discretionary uses, discretionary forms of development, and associated accessory uses are subject to the development standards and applicable provisions of the zoning district in which they are located. In approving a discretionary use application, Council may prescribe specific development standards to minimize land use conflict with respect to:

- (a) site drainage of storm water;
- (b) the location of buildings with respect to buildings on adjacent property;
- (c) access to, number and location of parking and loading facilities including adequate vehicular access;
- (d) control of noise, glare, dust and odour;
- (f) the size, shape and arrangement of buildings, and the placement and arrangement of lighting and signs to ensure compatibility with the height, scale, setbacks and design of buildings in the surrounding area, and with land uses in the general area.

(2) Council's approval of a discretionary use application is valid for a period of 12 months from the date of the approval. An approval of a discretionary use application and an associated development permit shall be considered void if:

- (a) the proposed use or proposed form of development has not commenced within that time,
- (b) the Council determines, within the 12 month period, that the proposed development is not proceeding in accordance with the terms and conditions of its approval, or
- (c) an approved discretionary use or form of development ceases to operate for a period of six (6) months or more.

The Development Officer shall advise the applicant and Council when a prior discretionary use approval is void.

(3) Council may issue a discretionary use approval extension and direct the Development Officer to grant an extended permit for an additional 12 month period.

(4) Council or the Development Officer shall provide a written notice to the applicant of the approval or refusal of a discretionary use application that documents the decision of Council, any development standards being imposed, the effective date of the decision and the applicant's right of appeal pursuant to Section 58 of the Act.

(5) Where an application for a discretionary use is approved by resolution of Council and the proposed development does not meet the applicable zoning district regulations, the Development Officer shall refuse the application and advise the applicant of the right of appeal.

(6) Where, in Council's opinion, the proposed development has one (1) or more features or effects that warrant the application of specific development standards to achieve the fit Council desires, these standards shall be identified as conditions of approval and may include a development agreement.

Bylaw No. 2016-09

5.4 Limitation on Discretionary Use Approvals

Bylaw No. 2014-04

(1) Validity of Discretionary Use Approvals

A new discretionary use approval is required from Council where Council has previously approved a discretionary use, or a specific discretionary intensity of use, and:

- (a) the use ceased and was replaced by another use.
- (b) the use ceases for a 12 month period.
- (c) a building required for the approved use is not started within 6 months or completed within 18 months.
- (d) the use is not started within 6 months of completion of the building.
- (e) a use not requiring construction of a building is not started within 12 months.
- (f) the applicant applies to increase the specifically approved intensity of use.

(2) Time Limited Discretionary Uses

(a) Where Council has approved a discretionary use for a limited time as provided in this bylaw, and that time has expired, that use of land or use of buildings on that property shall cease until such time as Council gives a new discretionary use approval and a new development permit is issued.

6. Referrals to Council

The development officer may submit any application to Council for a decision on the interpretation of the bylaw, or on special conditions provided for in the bylaw, and shall inform the applicant of this action.

7. Review of Application for Permitted Use

Upon completion of the review of an application for a permitted use or development, the Development Officer shall:

- (a) where the application conforms to all provisions and regulations of this bylaw, issue a development permit, or;
- (b) where the application complies with this bylaw and is subject to special regulations, performance standards or development standards specified in this bylaw, issue a development permit incorporating the special regulations, performance standards or development standards, or;
- (c) where the application does not comply with a provision or regulations of this bylaw, issue a refusal stating the reason for refusal.

8. Effective Time Period for Development Period

Bylaw No. 2023-23

- (a) A development permit shall be valid for one year from the date of its issuance but may be re-issued (renewed). Unless a shorter period is deemed necessary by Council or the Development Officer to address a matter of compliance with respect to municipal land use planning objectives, policy, and regulation, the re-issuance period shall be for an additional one (1) year.
- (b) General or specific-use evaluation criteria for discretionary uses will be considered in any application for permit re-issuance (renewal). In addition, any permitted or discretionary permit re-issuance (or renewal) shall be subject to the following regulation and evaluation:
 - (i) Where the use is discretionary, a new discretionary use notification procedure is required for any subsequent renewal period;
 - (ii) Where applicable, demonstration that reasonable progress has been made towards the completion of the development as proposed, and that the extension would allow for completion within a subsequent validity period;
 - (iii) The use to date has complied with the bylaw, and would comply with the bylaw at the time of renewal;
 - (iv) The degree to which the use has or has not resulted in unmanageable land use conflict or nuisance, and where such may have occurred, the ability to minimize negative impacts through new permit conditions or development standards added to any permit renewal;

- (v) The effectiveness and/or completion of any previous permit condition or development standard;
- (vi) There is no requirement for Council or the Development Officer to renew a development permit or re-approve a discretionary use; a new application may be required in such instances;
- (vii) Any other similar matter that a Council or Development Officer may wish to consider in the renewal of a permit to secure the objectives of this bylaw;

9. Development Appeals Board

- (a) Council shall appoint a Development Appeals Board in accordance with Sections 214 and 215 of the Act. **Bylaw No. 2010-03**
- (b) A person may appeal to the board where the Development Officer:
 - (i) is alleged to have misapplied the bylaw in issuing a development permit; or
 - (ii) refuses to issue a development permit because it would contravene this bylaw.
- (c) A person whose application for a discretionary use or development has been approved with prescribed development standards may appeal any development standards considered excessive to the board.
- (d) An appellant shall make an appeal within 30 days of the date of the issuance of, or refusal to issue, a development permit.
- (e) Nothing in this section authorizes a person to appeal a decision of the Council:
 - (i) refusing to rezone land;
 - (ii) rejecting an application for approval of a discretionary use.
- (f) A person who wishes to appeal to the board shall file a written notice of intention to appeal with the board together with the maximum fee prescribed by the Act. The board shall inform the municipality on the determined fee amount. **Bylaw No. 2018-21**
- (g) In making an appeal to the Development Appeals Board, and hearing such appeal, the provisions of The Act shall apply.

10. Minor Variances

- (a) Council may grant a variance of up to 10% of any yard requirement or minimum required distance between buildings for a permitted use as specified in this bylaw. Council's consideration of requests for variances shall be subject to the procedures contained in Section 60 of The Act. **Bylaw No. 2010-03**
- (b) Council shall maintain a register of its variance approvals specifying the location and all relevant details specified in such approvals.

11. Building Permit

A building permit, where required, shall not be issued unless a development permit, where required has been issued.

12. Referral to Department of Health

Bylaw No. 2000-09

A copy of all approved development permit applications, involving the installation of water and sanitary services, shall be sent to the local office of the Department of Health.

It is the responsibility of the applicant to secure permits for installation of water and sanitary sewer services.

13. Amendment of Zoning Bylaw

- (a) Council may amend this bylaw at any time, upon its own initiative or upon request, provided that the amendments are in keeping with the intent of the R.M. of Mervin No. 499 Basic Planning Statement.
- (b) Council shall require applicants requesting an amendment to this bylaw to pay Council

all of the cost associated with public advertisement of the application.

14. Zoning Compliance, Offences and Penalties

Bylaw No. 2010-03

- (a) Pursuant to Section 242(4) of the Act, the Development Officer may issue a stop work order for development that contravenes this bylaw to achieve bylaw compliance.
- (b) Any person who violates this bylaw is guilty of an offence and liable upon summary conviction, to penalties and subject to an order as stated in Section 243 of the Act.

15. Comprehensive Development Review (CDR)

Bylaw No. 2017-21

- a) A Comprehensive Development Review (CDR) is a pre-submittal requirement to provide more information to Council for a proposed land use plan that requires rezoning into a more specific zoning district to better accommodate the land use.
- b) The purpose of this requirement is to identify and address social, environmental, health and economic issues appropriately and to encourage the development of high quality developments. This proposal is intended to address the following topics:
 - (i) Proposed land use(s) for various parts of the proposal area drawn to scale;
 - (ii) The effect of proposal on adjacent land uses;
 - (iv) The integration of the natural landscape regarding the planning and design of the area;
 - (v) The location of, and access to, major transportation routes and utility corridors;
 - (vi) The provision of services, and the relationship to existing infrastructure;
 - (vii) Sustainable development and environmental management practices regarding surface and groundwater resources, storm water management, flooding and protection of significant natural areas;
 - (vii) Appropriate supplemental information specific to the particular proposal;
- c) The scope and required detail of the CDR will be based on the scale of the proposal and its location.
- d) The following items may be included in the preparation of a CDR, but not limited to:
 - (i) Identification of the purpose, objectives of the proposal and evidence of compliance with the OCP policies and Zoning Bylaw regulations.
 - (ii) Identification of proposal area characteristics including:
 - (1) Physical site characteristics, regional context, and the size and intensity of the proposal;
 - a) This may include general site improvements such as: buildings, parking lots, outdoor storage or display areas, utilities, site access, walls, fences and other similar uses;
 - (2) Potential hazard lands within the proposal area and the proposed methods of mitigating the hazards;
 - a) This may include landscaping, storm water management, drainage plan concepts and other similar uses;
 - (3) Potential impact of proposed development on existing infrastructure, hamlets and adjacent land uses;
 - a) This may include buffers, separations distances, landscaping and other similar uses;
 - (4) Recreational infrastructures, amenities, and other similar land uses;
 - (5) Inventory of natural heritage resources, including screening of environmental, historic and archeologically significant areas within and adjacent to the proposal;

(iii) Identification of the proposal concept including a thorough description and explanation, illustrations, and any technical and professional analysis required to identify:

- (1) Proposed land uses;
- (2) The economic and social benefits and the impact on the surrounding area and region providing evidence of positive community integration;
- (3) The proposal design including phasing, identification of natural and constructed open space amenities, and allocation of dedicated lands;
- (4) Evidence that the carrying capacity of the soil within the proposal area is sufficient to accommodate proposed structures and waste water created, and that the anticipated effect on the regional surface and groundwater systems quantity and quality is minimized;
- (5) The local hydrology, providing consideration that the design provides sufficient capacity to contain storm water and surface runoff locally to accommodate a 1:500 year flood event, with no significant increase in offsite flows resulting from development of the area;
- (6) The proposed buffering from, or integration with, adjacent land uses and hamlets;
- (7) The impact of human activity and development on the natural environment and plans for the conservation, management and integration of existing natural features within the proposal area;
- (8) A transportation plan for the area identifying road requirements, major commuting routes and the potential impact of development on current roadway infrastructure;
- (9) The local capacity of fire and protective services, schools and other supportive community and recreational facilities;
- (10) Identify existing and required utilities (i.e., natural gas, telecommunications, power, etc.);

(iv) The applicant shall provide evidence of significant and effective public consultation. At minimum the following consultation shall be required:

- (1) Initial presentation to Council of the proposal.
 - (2) Host an Open House, open to the general public, within the Municipality demonstrating the extent of the proposal. The Open House is to include sufficient visual information to demonstrate the proposal and answer questions from the public.
 - (a) Applicants shall provide a written consultation plan, identifying the program and timing of consultation;
 - (b) Applicants shall work with the municipality to ensure appropriate consultation with surrounding landowners;
 - (3) After the Open House, the applicant shall have another presentation to Council to acknowledge and attempt to incorporate the findings and feedback from the Open House within the proposal wherever possible to ensure that the development is perceived as beneficial to the area.
 - (a) The applicant shall provide a written submission of a summary of findings prior to the Council meeting for review, clearly identifying ideas and areas of support and challenges presented through the consultation process.
 - (b) Identification of strategies to respond to the challenges presented within the consultation, and how potential solutions may be incorporated within the proposal.
-

PART III – GENERAL REGULATIONS

The following regulations shall apply to all Zoning Districts in this bylaw:

1. **Frontage on Road**

A development permit shall not be issued unless the site intended to be used, or upon which a building or structure is to be erected, abuts or has frontage on a graded all-weather registered road, or unless satisfactory arrangements have been made with Council for the improvement or building of a road.

2. **Development on Hazard Lands**

Bylaw No. 2010-03

2.1 Where the proposed development of a building is located within 50 metres of any slopes that may be unstable, or land below the Estimated Peak Water Level as defined herein or land within 150 metres of any river, stream flood plain, wet land or water course or land considered by Council to be potentially hazardous, Council may require the applicant to submit a report prepared by a professional competent to assess the suitability of the site for the proposed development which addresses any or all of the following:

(a) identification of all on-site and relevant off-site environmental constraints on and hazards to development and servicing;

(b) identification of all on-site and relevant off-site environmentally sensitive lands;

(c) assessment of the impact of the development on-site and off-site environmental conditions and the impact of the conditions on the development; and

(d) identification of actions required to prevent, change, mitigate or remedy the adverse effects of the proposed development on the environment and / or the adverse effects of the environment on the proposed development.

2.2 Identified actions for hazard avoidance, prevention, mitigation or remedy may be incorporated as conditions to issuance of a development permit. Council shall refuse a permit for any development for which, in Council's opinion, the proposed actions are inadequate to address the adverse effects, or will result in excessive municipal costs.

3. **One Principal Building or Use Permitted on a Site**

Not more than one principal building or use shall be permitted on any one site except for:

(a) Public utility uses;

(b) Institutional uses;

(c) Agricultural uses.

(d) Where allowed, temporary principal discretionary placement of a recreational vehicle during construction of a permitted permanent principal use in an Agricultural, Country Residential, Lakeshore, or Conservation District.

Bylaw No. 2023-23

(e) Multiple Complimentary (Vertically Integrated) Uses.

Bylaw No. 2023-31

4. **Non-conforming Uses, Buildings and Sites**

Bylaw No. 2010-03

The provisions of Sections 88 to 93 of the Act shall apply to all non-conforming uses, buildings and sites.

5. **Regulations for Signs and Billboards**

(a) Permit Requirements:

The sign regulations of this bylaw will be administered by issuance of a development permit. In addition, all signs situated along a highway, including those located in a highway corridor, are required to comply with "The Erection Signs Adjacent to Provincial Highway Regulations, 1986" as may be amended from time to time.

(b) Signs Requiring a Development Permit Under This Bylaw

(i) Country Residential, Commercial or Hamlet District

Signs and billboards will be prohibited in any country residential, commercial or hamlet district except for signs advertising the principal use of a premises or the principal

products offered for sale on a premises. Permitted signs shall be subject to the following requirements:

- no more than two (2) signs shall be permitted on the premises;
- no sign shall be in the excess of three (3) square metres (36 square feet) in area, but the two permitted signs may be combined and the total facial area shall not exceed 6 sq. metres (64 square feet). Each sign may be double faced;
- no sign shall be illuminated unless the source of light is steady and suitably shielded; and,
- the maximum height of any sign shall be 3.5 metres (11.5 feet);

(ii) Agricultural District or Conservation District

Signs and billboards that are not located in a highway sign corridor and that advertise agricultural commercial uses, the principal use of a premises or the principal products offered for sale on a premises will require a development permit and are subject to the following requirements:

- no more than 2 signs shall be permitted on the premises;
- no sign shall be in the excess of 6 square metres (64.5 square feet) in area, but the two permitted signs may be combined and the total facial area shall not exceed 12 sq. metres (129 square feet). Each sign may be double faced;
- no sign shall be illuminated unless the source of light is steady and shielded from view; and
- the maximum height of any sign shall be 6 metres (20 feet);

(c) Signs Not Requiring a Development Permit Under This Bylaw

- (i) signs in a highway sign corridor.
- (ii) government signs - all signs erected by any level of government.
- (iii) real estate signs - only on property which is being advertised.
- (iv) directional signs - signs such as traffic warning signs, parking or no trespassing signs.
- (v) address signs - one address designation per use which denotes the numerical address and/or name of occupant.
- (vi) election signs - any level of government election signs.
- (vii) memorial signs - such as plaques, tablets and headstones.
- (viii) temporary construction signs - signs that indicate the impending development of a site are permitted only until the development is complete.
- (ix) temporary agricultural related signs are permitted for a maximum period of six months (such as herbicide or insecticide or seed advertising promotional signs).

6. Public Utilities

Public utilities, except municipal solid and liquid waste disposal sites, shall be listed as a permitted use in every zoning district, and unless otherwise specified by this bylaw, no minimum site area or yard requirements shall apply.

7. Development Standards for Permitted and Discretionary Uses

Bylaw No. 2021-13

The following development standards may be applied by the Council as conditions of its approval of a permitted or discretionary use as it is listed in the individual zoning districts.

(a) Home Based Business

- (i) The use shall be clearly incidental and secondary to the use of the dwelling unit as a private residence.
- (ii) The use shall not involve the display or storage of goods or equipment upon or inside the premises such that these items are exposed to public view from the exterior.
- (iii) The use shall not generate substantially more vehicular and/or pedestrian traffic and vehicular parking than normal within the district or produce offensive noise, vibration, electrical interference, smoke, dust, odours, heat or glare.
- (iv) No use shall cause an increase in the demand placed on one or more utilities (water, sewer, electricity, telephone, garbage, etc.) such that the combined total consumption

for a dwelling and its home based business substantially exceeds the average for residences in the area.

(v) No use requiring electrical or mechanical equipment shall cause a substantial fire rating change in the structure or the district in which the home based business is located.

(vi) The permitted use shall be valid only for the period of time the property is occupied by the applicant for such permitted use.

(b) Farm Based Business

(i) The use shall be clearly incidental and secondary to the principal agricultural operation.

(ii) Advertising signs shall be limited to one sign of not more than one square metre (10.75 sq. ft.).

(c) Seasonal Campgrounds

This Bylaw establishes a new discretionary use named "Seasonal Campgrounds". This class shall encompass all RV parks and Seasonal Campgrounds within the RM of Mervin No. 499. The following regulations and standards shall apply to all seasonal campgrounds.

Bylaw No. 2018-11

(i) The operator of a Seasonal Campground shall provide the Development Officer with a plan of the Seasonal Campground identifying any buildings, uses of land and the location of all roadways and campsites with dimensions. Any addition or rearrangement of campsites, construction or moving of buildings, material change in use of portions of land, or the filling, excavation, or clearing of land shall require a development permit, and the operator shall submit for approval an amended plan incorporating the development.

Bylaw No. 2018-11

(ii) A seasonal campground shall have within its boundaries a buffer area abutting the boundary of not less than 4.5 metres which shall contain no buildings.

(iii) The operator of a Seasonal Campground shall designate a campsite for each tent, tent trailer, travel trailer, recreational vehicle or camper, to be located within the Seasonal Campground.

Bylaw No. 2018-11

(iv) Each campsite shall have a minimum area of not less than 150 square metres, unless the campsite is restricted to use by tents only, in which case, the minimum area shall be 60 square metres. The corners of each campsite shall have its corners clearly marked upon the ground.

Bylaw No. 2018-11

(v) No portion of any campsite shall be located within a roadway or required buffer area.

Bylaw No. 2018-11

(vi) Each campsite shall have direct and convenient access to a developed roadway, which shall not be located in any required buffer area.

Bylaw No. 2018-11

(vii) The campsites within a Seasonal Campground shall be designed and constructed so that tents and Recreational Vehicles shall have a minimum separation of at least 4.5 metres from each other.

Bylaw No. 2018-11

(viii) The space provided for roadways within a Seasonal Campground shall be at least 7.5 metres in width, or 15 metres in width where the roadway is located between campsites. No portion of any campsite, other use or structure shall be located in any roadway within the Seasonal Campground.

Bylaw No. 2018-11

(ix) A Seasonal Campground may include an accessory laundromat and confectionary designed to meet the needs of the occupants of the sites.

Bylaw No. 2018-11

(x) Council shall be notified by the operator respecting compliance with the Public Health Act and the Regulations passed thereunder for all operations and development of the Seasonal Campground.

Bylaw No. 2018-11

(xi) Upon application for a development permit, the Campground Operator of a Seasonal Campground shall provide the Administrator with a site plan completed by a Saskatchewan Land Surveyor of the Seasonal Campground, indicating location and dimensions of campsites, all roadways and buildings, with street names where applicable, and campsite numbers clearly identified.

Bylaw No. 2014-18

(xii) The Campground Operator of a Seasonal Campground has 24 months from the date on the approved development permit to complete construction of the Seasonal Campground.

(xiii) Upon receipt of an approved Notice of Decision, the Seasonal Campground is subject to site inspections by the Development Officer, who may be assisted by additional personal, such as a Professional Engineer.

Bylaw No. 2018-11

(xiv) Within each campsite, the location or placement of tents and RV's shall be designated by area of equal grade and increased elevation to ensure appropriate distances between tents and RV's.

(xv) There shall be a minimum of one (1) parking spot within the boundaries of each campsite.

(xvi) There shall be a maximum of one (1) RV trailer within the boundaries of each campsite.

(xvii) All streets shall have street signs, where applicable, and site numbers shall be displayed and correspond with the site plan provided to the RM of Mervin No. 499.

Bylaw No. 2018-11

(xviii) All streets shall have street signs, where applicable, and campsite numbers shall be displayed and correspond with the site plan provided to the RM of Mervin No. 499.

(xix) The Campground Operator shall be required to provide on-site garbage collection infrastructure in collaboration with the West Yellowhead Waste Resource Authority Inc.

(xx) The Campground Operator shall be responsible to have an on-site sewage dumping station, and are also responsible for collection and disposal of the Seasonal Campground's solid and liquid waste, as approved by Public Health regulations and guidelines.

(xxi) Upon issuance of an approved development permit after January 1, 2014, all Seasonal Campgrounds must designate 25% of the total number of sites available within the Seasonal Campground to be Temporary Campsites. These campsites must be clearly signed and correspond with the site plan provided to the RM of Mervin No. 499.

(d) Municipal Solid and Liquid Waste Disposal Facilities

(i) A buffer strip containing trees, shrubs or a berm shall be located surrounding a disposal area.

(ii) Any solid or liquid waste disposal facility shall be fenced.

(e) Bed and Breakfast / Vacation Farm Standards

(i) Vacation farms shall be ancillary to an agricultural farm operation or country residence and may include bed and breakfast, cabins and overnight camping area.

(ii) A maximum of five cabins shall be permitted as part of a vacation farm or bed and breakfast operation.

(iii) Only one sign, not exceeding 1.5 square metres advertising the vacation farm or bed and breakfast and located on site, is permitted.

(iv) Council shall be notified by the operator respecting the operation's compliance with the requirements of the Department of Health.

(v) Bed and breakfast operations shall be located in a single detached dwelling used as the operator's principal residence developed as a farmstead site or country residence; or located in cabins or a dwelling accessory to and established on the same site as the host principal residence.

(vi) Council shall regulate the maximum allowable number of bedrooms, cabins or camping sites or combination thereof, as a special standard in its approval.

Bylaw No. 2016-09

(vi) No one other than the occupant(s) of the principal residence may be involved or employed in the operation of the bed and breakfast home.

(vii) Applications shall be required to demonstrate how the proposal is appropriate and suitable for the site and the zoning district in which it will be located.

(viii) Any alteration in the number of guest rooms for rent shall require a new discretionary development permit application.

(f) Mobile Homes

(i) Mobile homes shall be skirted with a material compatible with the finish of the mobile home.

(ii) Mobile homes shall comply with Canadian Standards Association Construction Standard Z240-1979 as updated.

(iii) Mobile homes shall be placed on a permanent foundation.

Bylaw No. 2022-14

(g) Seasonal Cabin

Bylaw No. 2011-07

(i) The seasonal cabin shall be used only for temporary (seasonal) accommodations, and not used as a permanent dwelling.

(ii) As a condition of issuing a development permit for a seasonal cabin, the municipality requires the applicant to demonstrate to Council's satisfaction the intended use shall be

for temporary (seasonal) accommodations; and to enter into an Agreement with the Municipality. The Agreement must indicate the intended use is for temporary (seasonal) accommodations and that in the event the seasonal cabin is to be used for a permanent dwelling, the applicant will:

(a) apply for a new development permit;

construct an access road to a graded all-weather standard as required by the Municipality to comply with Part III, Section 1 of the General Regulations; and,

(b) agree to the Municipality placing an interest, in accordance with Section 235 of *The Planning and Development Act, 2007*, against title to the affected land. The interest will include a copy of the said Agreement.

8. Storage of Vehicles

Notwithstanding anything contained in this bylaw, no person shall use any site in any district for the parking or storage of more than two vehicles that are not in running order outside of an enclosed building except that not more than twelve such vehicles shall be stored in any site in the agricultural district, except in the case of permitted vehicle storage establishments or auto wreckers. Council may require that such vehicles be screened from roadways or neighboring properties by landscape features or fences or a combination thereof.

9. Accessory and Ancillary Buildings and Structures

Bylaw No. 2005-20

(a) **Time of Construction** - Accessory and ancillary buildings shall not be constructed or placed on any site prior to the construction of the principal building except as follows:

(i) Where a Development Permit has been issued for a principal building, Council may, at its discretion, allow prior development of an accessory or ancillary building where such building is required for the storage of construction material or equipment. If the principal building is not completed in the time period required, the accessory or ancillary building is to be removed.

10. Garage or Garden Suites

Bylaw No. 2014-14

(a) The construction of a garage or garden suites is permitted as a discretionary use and must comply with all other relevant bylaw standards applicable to the district in which it is to be located.

(b) A garage or garden suite must be attached to an accessory building. Detached mobile homes shall not be considered as a garage or garden suite.

(c) A suite refers to a separate set of living quarters within an accessory building whether occupied or not, containing independent and physically separate sleeping, sanitary and kitchen facilities. Kitchen facilities include but are not limited to cabinets, refrigerators, sinks, stoves, ovens, microwave ovens and any other cooking appliances and kitchen tables and chairs.

(d) Wherever possible, the garage or garden suites must tie into the existing water, sewer and storm drainage systems, access roads and approaches existing on the lot or parcel.

(i) All other services (cable, electrical, natural gas, telephone) may have separate connections or connect to those services of the principal dwelling unit.

(e) The applicant may be required to enter into an agreement with, and to the satisfaction of the Municipality, containing such terms as the Municipality deems necessary to ensure the provisions of this section of the bylaw are enforceable and complied with, and which agreement shall be registered by way of an interest upon the Certificate of Title to the land at the full expense of the landowner.

(f) No person shall construct or cause to be constructed a garage or garden suite on a lot or parcel unless otherwise permitted within this Bylaw.

(g) The floor area of garage or garden suites shall not be less than 34.8 sq. m. (375 sq. ft.) and shall not contain a basement.

(h) The garage or garden suites shall not:

(i) Unduly interfere with the amenities of change the character of the neighbourhood;

(ii) Materially interfere with or affect the use and enjoyment of adjacent properties;

(iii) Adversely impact upon the environment; or,

- (iv) Result in excessive demand on municipal services, utilities or municipal roadway access.
- (i) Council may place any additional conditions for approval deemed necessary to secure the objectives of this Bylaw.
- (j) The suites shall have a main entrance separate from that of the accessory building.
- (k) A minimum of one (1) on-site parking spot shall be provided per bedroom.
- (l) Only one (1) garage or garden suite shall be permitted per parcel or lot.
- (m) A garage or garden suite is intended for rental purposes only.
- (n) The granting of a development permit for a garage or garden suite shall not be construed, in any way, as consent or approval for a future subdivision for the use.
- (o) The total floor area of garage or garden suites shall not exceed the total main floor area of the attached accessory building. **Bylaw No. 2014-18**

11. Move-In and Previously Used or Occupied Residential Uses **Bylaw No. 2022-14**

Where an application requiring permitting is received for a previously occupied or used residential building or dwelling, the following shall apply in all districts:

- (a) For the purpose of this section, a Move-In building shall include any principal or accessory building, dwelling, or other use, which was previously used or occupied, and which is being moved into a new site within the RM; and, for simplification shall be referred to as a “Move-In” use.
- (b) Where a Move-In use is proposed, it shall be specified in the development permit application.
 - (i) Applications shall contain building drawings as required by the RM to determine compliance with the regulations of this bylaw.
- (c) Notwithstanding any other portion of this bylaw, a Move-In use, shall be considered a discretionary use. The general regulations, site regulations and standards, and evaluation criteria of the specific zoning district shall supplement this section, the same as where said use is a “permitted use”.
- (d) A proposal for a Move-In use must demonstrate that the age, condition, and style of its exterior treatment is compatible with the general appearance of buildings in the neighboring area, and/or shall be accompanied with plans showing proposed renovations, improvements, and timeline for completion where proposed.
- (e) Move-In uses shall be placed on a permanent foundation and the base of the unit enclosed if not constructed or placed on a type of enclosed foundation.
- (f) Where required, a Move-In use shall be required to demonstrate compliance with the RM’s building bylaw prior to placement on site and will require a pre-move inspection.
- (g) Photographs showing all sides of the Move-In use shall be submitted with a development permit application to aid in the demonstration of its current condition.
- (h) Council will consider the feasibility of moving the building on to site and the potential impacts on municipal infrastructure. In all cases the applicant shall be responsible for any utility movement or relocation, and infrastructure upgrades or damage resulting from the moving and transport of the structure.
 - (i) Council may specify a permit condition of a performance bond to address potential negative impacts to RM infrastructure from the transport of the structure.

11. Recreational Vehicles as temporary principal use on a site **Bylaw No., 2023-23**

Where allowed in a Zoning District, the following application, permitting, and evaluation scheme shall apply to all proposals submitted or permits to be issued September 1, 2023, or later, for the placement of a recreational vehicle as a temporary principal use, and may be supplemented with additional requirements in said District.

- (a) One (1) temporary recreational vehicle as a temporary principal use is allowed per site.

- (b) The initial application shall contain a written narrative provided by the applicant outlining the timeline, milestones, other steps the applicant intends to complete, or any other similar matter deemed necessary by Council or the Development Officer, to assess the conversion process to a principal permanent use.
- (c) The permit approval period for the temporary use shall be a maximum of one (1) year from date of issuance and may be renewed up to a maximum of four (4) consecutive one (1) year periods.
- (d) Notwithstanding Part II 5.1, the initial discretionary use notification shall state that Council intends to consider the use for the initial period and any subsequent allowable renewal period. The granting of a renewal shall adhere to the evaluation criteria below, but subsequent discretionary use notification is not required within this period.
- (e) A renewed permit may include permit conditions or development standards where deemed necessary by Council or the Development Officer to address any land use conflicts or nuisances which may have arose in a previous permit validity period.
- (f) In addition to any general permit renewal criteria listed in this bylaw, Council and/or the Development Officer will review applications for permit renewal based on the following criteria:
 - (i) The applicant's adherence to their original narrative and/or issued permit conditions, or any changes made thereto;
 - (ii) Clear progress towards transition to an allowable permanent principal use and that land use conflict or nuisance have not been unmanageable, demonstrated by, and including but not limited to: obtaining a development permit for the principal use; the status of development of said use; adherence to the National Building Code and municipal building requirements; the installation of permanent utility service(s); previous history of non-compliance or nuisance for adjacent landowners; or any other similar matter the municipality may wish to consider in the renewal of a permit for the discretionary temporary use;
 - (iii) Alteration to the applicant's narrative, and the need to amend any initial or previous permit condition or development standard in a renewal based on any history of land use conflict or nuisance;
- (g) Notwithstanding any District-specific regulation, accessory buildings, structures, and uses shall be discretionary where established as accessory to a temporary recreational vehicle as a principal use, and shall comply with any regulation pertaining to accessory uses. Unless permit-exempt by Part II (2), application for accessories shall be made in conjunction with a permit application for a temporary recreational vehicle, or may be made submitted separately.
- (h) Where a discretionary accessory use, building, or structure is proposed, the following regulation and evaluation will apply:
 - (i) Its degree of permanency and ability to be relocated within the site if required in the case of establishment of permanent allowable uses, or should removal be required through enforcement or permit expiration;
 - (ii) The proposed location within the site and alignment with the applicant's proposal and narrative such that it would not impede the development of a principal permanent use;
 - (iii) Its future integration within the site at such time a permanent principal use would be established;
 - (iv) The accessory shall not contain elements supportive of human habitation and shall not be inhabited or otherwise used for sleeping accommodations;
 - (v) Any other matter related to site suitability including but not limited to surface drainage, hazard land, potential for nuisance or incompatibility, etc.. Council may impose permit conditions or development standards in support of site suitability.
- (i) Upon any permit expiry, permit invalidity, enforcement of non-compliance, or for any other reason which renders the temporary use non-conforming, the recreational vehicle, any accessory or other development may be ordered to be removed from the site.

- (j) Where the applicant has failed to complete development of a principal permanent use to a functional and habitable state as a dwelling within the permit validity period or any subsequent extension thereto granted, no subsequent application will be considered for a temporary recreational vehicle on the subject land for a period of two (2) years from the date of previous permit expiration, invalidity, or revocation. The municipality may seek to register an interest on title to said effect to advise any future landowner of the prohibition to re-establish a temporary recreational vehicle during this time period.

- (k) Notwithstanding (j), Council may consider a new application at its discretion within the two (2) year period where the following conditions are addressed to its satisfaction:
 - (i) where, in the opinion of Council, the site has been fully returned to a condition favourable to the establishment of a permanent principal allowable use;

 - (ii) the new proposal is not, for all intents and purposes and in Council's opinion, an extension of a previously expired, invalid, or revoked permit; and,

 - (iii) the new proposal and timeline for establishment of a permanent residential use is substantially different from the previous proposal that failed to materialize or be executed.

- (l) The temporary placement of a secondary accessory recreational vehicle for visitors may be allowed where provided for in a Zoning District.

PART IV – ZONING DISTRICTS

For the purpose of applying this bylaw, the municipality is divided into zoning districts.

The boundaries of the zoning districts are shown on the map entitled, “Zoning District Map” which is attached to, and forms a part of this bylaw. Unless otherwise shown on the map, the boundaries of the said districts are site lines, centre lines of streets, lands, roads or such lines extended and the boundaries of the municipality.

Regulations for the zoning districts are outlined in the schedules which are attached and form part of this bylaw.

SCHEDULE A: A – AGRICULTURAL DISTRICT

A. PERMITTED USES:

The following uses are permitted in this district:

1. Principal Uses:

(a) Agricultural:

(i) Field crops, bee keeping, animal and poultry raising, ranching, grazing and other similar uses customarily carried out in the field of general agriculture, including the sale on the agricultural holding of any produce grown or raised on the agricultural holding, but not including intensive agriculture or agricultural related commercial operations.

(ii) Grain elevators and rail loading facilities.

(b) Resource based activities:

Natural resource developments including mineral and forest products processing and related development facilities;

(c) Other:

(i) Radio, television and microwave towers.

(ii) Public utilities, excluding municipal solid and liquid waste disposal sites.

(iii) Places of worship, cemeteries, schools, institutional uses and facilities.

(iv) Historical and archaeological sites, and wildlife and conservation management areas.

2. Accessory Uses:

Bylaw No. 2021-22
 - (a) Applications may be required to demonstrate the retention of agricultural lands within the quarter section.
 - (b) Secondary temporary accessory dwellings are subject to the following evaluation:
 - (i) The secondary dwelling is intended to house a family member or other dependent of the landowner who would benefit from onsite care and support, or it is intended to house the family member or primary caregiver of the landowner benefiting from care.
 - (ii) The degree to which the secondary dwelling is temporary in nature and removable upon cessation of use or permit validity.
 - (iii) The secondary dwelling can be provided with suitable water and sewage services.
 - (iv) Any other general evaluation criteria prescribed in this Bylaw.
- (2) Commercial uses: **Bylaw No. 2018-11**
 - (a) Appropriate locations for the proposed use shall be considered based on the surrounding agricultural industry.
 - (b) Applications shall be required to demonstrate that the proposed use shall not cause adverse effects in regard to:
 - (1) Safety;
 - (2) Surrounding existing development;
 - (3) Noise;
 - (d) Site size, in Council's opinion, shall ensure adequate set back and sufficient screening of any outdoor storage area from incompatible zoning districts or a municipal road allowance. The proposed use may

be required to include appropriate screening.

(e) Site size shall be appropriate, in Council's opinion, for the receipt, distribution or dispatch by vehicles of materials, goods or merchandise through the designation of a clearly defined unloading or loading space on the site plan.

(f) Golf Courses and Clubhouses:

(1) Applications shall demonstrate to Council how the natural vegetation of the proposed parcel shall retain the intent of the Agriculture District;

(3) Intensive Agriculture:

Bylaw No. 2018-11

(a) Proximity to existing residential development.

C. **REGULATIONS**

Any site which does not conform to the following area or minimum frontage requirements shall be deemed to be a conforming site provided that a Certificate of Title existed in the Land Titles Office prior to the coming into force of this bylaw.

Bylaw No. 2021-26

1. **Site Area Requirements:**

(a) Agricultural use:

(i) One quarter section or equivalent shall be the minimum site area required to constitute an agricultural holding. Equivalent shall mean 64.8 hectares (160 acres) or such lesser amount as remains in an agricultural holding because of the registration or road widening, road right-of-way or railway plans or pipeline development, or natural features such as streams or bodies of water, or as a result of subdivision permitted herein. Any agricultural holding which does not conform to the minimum site area requirement shall be deemed conforming with regard to site area, provided that a registered title for the site existed in the Land Titles Office prior to the coming into force of this bylaw.

(ii) Reduced Site Area - where established by an applicant to the satisfaction of Council, that a subdivision to create a site of less than 64 hectares (158 acres) is necessary for reasons that meet the criteria of the basic planning statement, sites for agricultural uses with a reduced area are permitted, provided that no resulting parcel of land in the quarter section shall be less than 16 hectares (40 acres).

Development of a farm residence on such sites shall be permitted:

- if the site is part of a farm land holding of one quarter section or equivalent; or,
- if the site is determined to be a farmstead site as defined in this bylaw; and,
- if the site meets all other requirements of this bylaw.

(iii) Intensive agricultural uses and farmstead residential: Minimum - 0.8 hectare (2 acres)

(b) Single parcel country residential:

Minimum - 0.5 hectare (1.2 acres)

Bylaw No. 2023-04

(i) Council may allow a lesser site size down to a minimum of 0.45 hectares (1.11 acres) to accommodate unique circumstances and would be considered based on the following:

- A. the lesser site size is resulting from the registration of road widening, road right-of-way, railway plans, pipeline development and other man-made features; or, natural features such as streams, bodies of water, or undevelopable land;
- B. land swaps with the municipality to provide infrastructure, services, or amenities;
- C. the lesser site size is sought to correct or address a practical matter of bylaw non-compliance. Generally, no increase in non-conformity should result from the granting of a lesser site size; however, proposals will be considered on a case-by-case basis; and
- D. Council will not favourably consider a lesser site size where not resulting from the type of unique circumstances listed herein, or where circumstances,

in Council's opinion, do not necessitate the reduction of site size.

- (c) Agricultural related commercial: Minimum – 0.4 hectare (1 acre)
- (d) All other uses: Minimum - None.

2. Building Setback Requirements:

- (a) All buildings and dwellings shall be set back a minimum of 45.7 metres (150 feet) from the centre line of any municipal road allowance, or provincial highway. (Note: A greater distance may be required by the Department of Highways and Transportation.)
- (b) Residential dwellings and intensive livestock operations shall be required to maintain the minimum separation distances prescribed by the basic planning statement, however, these requirements may be relaxed by Council, subject to a written agreement between adjoining landowners.
- (c) Setbacks between residential buildings and anhydrous ammonia fertilizer facilities shall be required as follows:
 - 305 metres (1000 feet) for non-refrigerated facilities;
 - 600 metres (1969 feet) for refrigerated facilities.Residences which are an integral part of the fertilizer operation are not subject to the foregoing requirements.

2.1 Yard Requirements:

- (a) Side Yard:
 - (i) Residential uses Minimum – 3 metres (10 ft. on each side) **Bylaw No. 2008-08**
- (b) Rear Yard:
 - (i) Residential uses: Minimum – 3 metres (10 feet) except for lakeshore site where the minimum shall be 6 metres (20 ft.) **Bylaw No. 2008-08**
- (c) Private garages, carports and accessory buildings that are attached by a roof to a residential building shall be considered a part of the building and subject to the yard requirements of the building. Open decks will not be considered part of the principal building. **Bylaw No. 2013-01**
- (d) Decks shall be set back 3 metres (10 feet) from any and all site lines. **Bylaw No. 2013-01**

2.2 Floor Area, Single Parcel Country Residential:

- Single detached dwellings: Minimum – 20.44 sq. m. (220 sq. ft.) on the main floor **Bylaw No. 2008-08**
Bylaw No. 2023-23

2.3 Accessory and temporary placement and use of Recreational Vehicles: **Bylaw No. 2023-23**

- (a) A development permit is not required, as per *Part II (2)(e)* for accessory and temporary accessory recreational vehicles, but placement shall adhere to all other requirements of this bylaw.
- (b) A maximum of one (1) recreational vehicle may be placed on any residential site as an accessory use on a permanent basis that has an established and conforming permanent residential dwelling.
- (c) In addition to the one (1) permitted accessory recreational vehicle permitted in (b), one (1) additional recreational vehicle may be allowed per site as temporary accessory to an established and conforming permanent residential dwelling or temporary principal recreational vehicle, for a total period of thirty (30) consecutive or non-consecutive days within the calendar year.
- (d) Where accessory to a permanent and principal residential dwelling, the kitchen and sanitary facilities of the dwelling shall be available to the occupants of the visiting recreational vehicle on a 24-hour basis.
- (e) Prior to temporary placement for visitors of the principal use, written notice(s) from the landowner of dates of use shall be provided to the Development Officer to maintain a record of the number of days the recreational vehicle has been occupied within a calendar year.
- (f) All other matters related to operation listed in subsection C.3. (6)-(15) shall apply with any necessary modification.

3. Specific Development Standards and Evaluation for Discretionary Uses:

Bylaw No. 2023-23

(a) Municipal solid and liquid waste disposal facilities:

Development of a municipal solid or liquid waste disposal facility may be subject to Part III Section 7 of this bylaw.

(b) Intensive Livestock Operations:

The resolution of Council which approves a discretionary use application for a proposed intensive livestock operation and associated development shall specify the maximum allowable number of animal units for the operation. This limit will be based on the development proposal provided by the applicant.

(c) Recreational Vehicle as temporary principal use on a Single Parcel Country Residential site;

**Bylaw No. 2018-11
Bylaw No. 2023-23**

(1) A recreational vehicle and all accessory buildings shall be removed before January 1, 2024 unless there is an approved development permit for a residential principle use.

(3) The applicant shall sign a memorandum of understanding to acknowledge that the recreational vehicle shall be removed as identified in clause 1 above has expired.

~~(a) The applicant shall be required to provide a deposit at time of application that will be returned by the municipality upon execution of all terms and agreements.~~

(4) If the recreational vehicle remains on the land after the period identified in 1 above has expired, Council will enforce the removal of the unit.

(5) Clauses (1) and (3) shall not apply for all applications submitted or permits to be issued September 1, 2023, or later. In such instances *Part III 11.* shall apply.

(6) Sites may contain a maximum of 250 gallons of propane total, and any tank size over 100 pounds shall require the landowner to complete appropriate gas-fitting permits and have the tank inspected by a licensed gas-fitter. Within the 250 gallons, only a maximum of two (2) 100-pound bottles shall be used at one time.

(7) The recreational vehicle not be modified to be made permanent through removal of axles and/or wheels.

(8) Home based businesses shall not be allowed on the site until the permanent residence has been constructed.

(9) The recreational vehicle must be a self-contained unit and must have a system for sewage and waste water disposal that has been approved by the development authority prior to the approval of a development permit.

(10) The recreational vehicle is not to be kept for rent, lease or hire.

(11) The recreational vehicle is not a mobile home.

(12) A copy of the bill of sale or registration and a photo must be submitted with each application.

(13) The replacement of a recreational vehicle on a property requires a new development permit..

(d) Restaurants: The proposed development must be:

Bylaw No. 2014-04

(i) located within 5.0 kilometres of a Lakeshore Development District and/or Hamlet Zoning District; and

(ii) accessible by an all-weather road.

(e) Ancillary sleeping accommodations:

Bylaw No. 2016-09

(i) Buildings and structure shall be secondary to the principal use on site.

(ii) Shall not include kitchen facilities.

(iii) The granting of a development permit for overnight accommodations shall not be construed, in any way, as consent or approval for a future subdivision for the use or site.

- (f) Cannabis production facilities **Bylaw No. 2018-21**
- (i) Shall provide to the municipality all provincial and federal approvals and licenses and comply with these regulations. **Bylaw No. 2018-21**
 - (ii) Site size shall be appropriate, in Council's opinion, for the receipt, distribution or dispatch by vehicles of materials, goods or merchandise through the designation of a clearly defined parking, unloading or loading space on the site plan.
 - (iii) Locations are encouraged to be adjacent to major transportation routes, and applicants shall be required to provide sufficient information regarding anticipated vehicular traffic;
 - (iv) Development proposal must demonstrate a suitable level of servicing. Applicants will be responsible for all costs associated with improvement or extension of municipal services.
 - (v) Council may require development standards and/or mitigation measures to minimize anticipated levels of noise, odour, smoke, fumes, dust, lighting, glare vibration or other emissions emanating from the operation;
 - (vi) Shall ensure the safe handling and disposal of hazardous and dangerous substances and materials;
 - (vii) Shall not contain outdoor storage of any kind;
 - (viii) Shall not contain retail stores, or similar uses;
 - (vix) Shall demonstrate adequate on-site fire suppression.

- (g) Secondary temporary accessory dwellings: **Bylaw No. 2021-22**
- (i) Development permits are only valid for a one (1) year term and are required to be resubmitted annually to the development officer of the Municipality for Council's consideration for renewal. In each case Council will determine if the circumstances that warranted the secondary dwelling are still valid. Renewal requests are encouraged at least 2 months prior to permit expiry.
 - (ii) Upon expiration of a temporary permit, and where Council has not granted a renewal, the dwelling unit must be either: removed from the site; demolished; or, rendered as no longer a dwelling unit through the removal of the major appliances and wiring within the kitchen.
 - (iii) The applicant will be required to sign a memorandum of understanding identifying the temporary and conditional nature of the development, and the need for removal of the dwelling unit upon permit expiry.
 - (iv) The secondary dwelling is subject to any yard requirements applicable to the primary residential use.
 - (v) Council may impose any standards or conditions in conjunction with a permit, consistent with prescriptions in this Bylaw, to regulate the use as it deems necessary and in the best interests of the Municipality and its ratepayers.

4. Country Residential Sites: Keeping of Animals

- (a) The equivalent of two (2) animal units (horses or cows) shall be permitted per 2 hectare (5 acre) site. Four (4) large animal units shall be permitted per 4 hectare (10 acre) site. For each additional 1.2 hectares (3 acre), one (1) animal unit shall be permitted.
- (b) Animals shall not be pastured within 15 metres (49.2 feet) of any dwelling not owned by the owner of the animals and no buildings or structures intended to contain birds or animals shall be located within 100 feet of a dwelling or property line.

5. Recreational Vehicle, where there is an existing principal building on site: **Bylaw No. 2018-11**

- 1. A development permit application is not required, as per Part II(2). **Bylaw No. 2018-11**

C. **SPECIFIC DEVELOPMENT STANDARDS AND EVALUATION FOR DISCRETIONARY USES**

Bylaw No. 2000-09
Bylaw No. 2004-10
Bylaw No. 2018-11
Bylaw No. 2021-22
Bylaw No. 2023-23
Bylaw No. 2016-09
Bylaw No. 2017-21
Bylaw No. 2022-14

- (a) (1) Residential Development: See PART III, Section 11.

(2) Single parcel country residential development:

(a) Subject to the requirements for single parcel country residential development contained in Schedule A.

(b) Building set back requirement specified in section B(3)(a)(i) may be reduced at the discretion of Council to a minimum of 10.05 metres (33.0 feet) from the centre line of any municipal road allowance where Council has determined that the site does not have sufficient distance to conform with the standard building set back requirements.

(c) Notwithstanding Section A(3)(a) where a development existed at the time of passing of this bylaw containing more than one (1) principal residential use on site, Council may approve one (1) site of not less than 720 sq. metres (7,744 sq. ft.) in area and not less than 30 metres (98.4 ft.) in frontage for each single-detached dwelling, as a single parcel country residential development.

(d) In no case shall more than one (1) principal dwelling unit be allowed on a parcel after the subdivision has been completed.

(3) Bed and breakfast homes:

(a) Subject to Part III(7)(e) – Bed and Breakfast / Vacation Farm Standards discretionary use regulations.

(b) Shall be an accessory use to an existing principal residential use on the same site.

(c) Sites shall not include a campground.

(d) The application site plan shall demonstrate the location of an on-site designated parking area accommodates one (1) staff parking plus one (1) parking spot per guest room.

(4) Recreational Vehicles as temporary principal use on a site:

Bylaw No. 2018-11
Bylaw No. 2023-23

(a) A recreational vehicle and all accessory buildings shall be removed before January 1, 2024 unless there is an approved development permit for a residential principle use.

(c) The applicant shall sign a memorandum of understanding to acknowledge that the recreational vehicle shall be removed as identified in clause (a) above has expired.

~~(1) The applicant shall be required to provide a deposit at time of application, that will be returned by the municipality upon execution of all terms and agreements.~~

(d) If the recreational vehicle remains on the land after the period identified in (a) above has expired, Council will enforce the removal of the unit.

(e) Clauses (a) and (c) shall not apply for all applications submitted or permits to be issued September 1, 2023, or later. In such instances *Part III 11.* shall apply.

(f) Sites may contain a maximum of 250 gallons of propane total, and any tank size over 100 pounds shall require the landowner to complete appropriate gas-

fitting permits and have the tank inspected by a licensed gas-fitter. Within the 250 gallons, only a maximum of two (2) 100-pound bottles shall be used at one time.

(g) The recreational vehicle shall not be modified to be made permanent through removal of axles and/or wheels.

(h) Home based businesses shall not be allowed on the site until the permanent residence has been constructed.

(i) The recreational vehicle must be a self-contained unit and must have a system for sewage and waste water disposal that has been approved by the development authority prior to the approval of a development permit.

(j) The recreational vehicle is not to be kept for rent, lease or hire.

(k) The recreational vehicle is not a mobile home.

(l) A copy of the bill of sale or registration and a photo must be submitted with each application.

(m) The replacement of a recreational vehicle on a property requires a new development permit.

(5) Secondary temporary accessory dwellings:

Bylaw No. 2021-22

(i) The secondary dwelling is intended to house a family member or other dependent of the landowner who would benefit from onsite care and support, or it is intended to house the family member or primary caregiver of the landowner benefiting from care.

(ii) The degree to which the secondary dwelling is temporary in nature and removable upon cessation of use or permit validity.

(iii) The secondary dwelling can be provided with suitable water and sewage services.

(iv) Any other general evaluation criteria prescribed in this Bylaw.

(v) Development permits are only valid for a one (1) year term and are required to be resubmitted annually to the development officer of the Municipality for Council's consideration for renewal. In each case Council will determine if the circumstances that warranted the secondary dwelling are still valid. Renewal requests are encouraged at least 2 months prior to permit expiry.

(vi) Upon expiration of a temporary permit, and where Council has not granted a renewal, the dwelling unit must be either: removed from the site; demolished; or, rendered as no longer a dwelling unit through the removal of the major appliances and wiring within the kitchen.

(vii) The applicant will be required to sign a memorandum of understanding identifying the temporary and conditional nature of the development, and the need for removal of the dwelling unit upon permit expiry.

(viii) The secondary dwelling is subject to any yard requirements applicable to the primary residential use.

(ix) Council may impose any standards or conditions in conjunction with a permit, consistent with prescriptions in this Bylaw, to regulate the use as it deems necessary and in the best interests of the Municipality and its ratepayers.

(b) Commercial uses:

(1) Campgrounds, or rental cabins:

(a) Subject to Part III(7)(c) – Seasonal Campgrounds.

(b) Road standards shall conform to RM standards for campgrounds.

(2) Resort and tourist related commercial uses, retail stores, service stations, gas bars, restaurants, confectionaries: **Bylaw No. 2023-31**
